What happens when doctors see patients out in the real world? by Jules Lipoff, For the Inquirer, Updated: July 3, 2019 . ... they are truly vulnerable — sometimes they may literally be naked in front of me. In this safe space, they may tell me things that their spouses, kids, or closest friends don't know. ... For the Inquirer.

### **What happens when doctors see patients out in the real world?**

The diagnostic tests that are available change over time. As such, doctors may not be aware of every new test as it appears (e.g., urine testing for chlamydia and gonorrhea). Your doctor may also know that a test exists, but doubt whether it is smart to use on you. If that is the case, discuss his concerns. They may be legit.
